

Quality Policy

(ISO 9001:2015- QMS- Quality Management System)

DELTA Engineering & Contracting L.L.C involved in Electrical, Instrumentation and related to E&I Civil works business and aspires to be pioneer in Quality delivery of projects and strive to exceed client requirement in Sultanate of Oman.

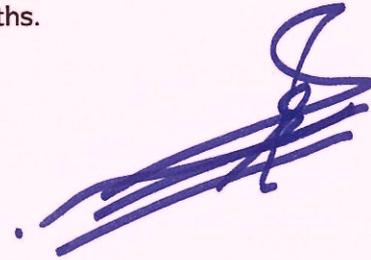

DELTA is committed to continually improve our projects and services with active involvement and development of all employees by adhering to the principles and requirements of ISO 9001:2015 standard.

To achieve this, we shall

- ✓ Continually monitor and improve our QMS through systematic identification of root causes behind the non-conformities and subsequent elimination by adopting Risk based thinking approach in all our processes.
- ✓ Meet the applicable statutory, legal & other requirements, dedicated to performing our work in the safest practical manner throughout our projects and plant process, consistent with good industrial practice that satisfies all our customer expectations;
- ✓ Strive to provide timely delivery of our projects and services to satisfy our customer's needs and expectations by active involvement of our employees.
- ✓ Establish, Implement and continually measure the achievement of our quality objectives for continual growth.

This policy has been communicated and made accessible to everyone in our immediate organization and will be made available to our customers, suppliers, business associates and to other interested parties on request.

The General Manager is responsible for ensuring that this quality policy is reviewed during the Management Review Meeting every 12 months.

Khalid Sulaiman Al Jadeedi
